3 July 2023  
Respected ma’am

Rotaract Club of TIET is planning to organize ‘*Solace: Clothes Donation Drive*’ in \_\_\_\_\_ in Patiala on 20 August 2023.

This event aims to bring together the all the students across the TIET campus to contribute towards a noble cause. The collected clothes have already been collected by all the participating donors, and will be donated to those in need, providing them solace and relief during challenging times. By participating in this donation drive, students will have the opportunity to make a positive impact on the lives of those less fortunate, instilling empathy and compassion within them. The 'Solace' Clothes Donation Drive presents an excellent opportunity to showcase the university's commitment to social welfare and community service.

We kindly request you to consider our proposal and permit us to proceed with this event, which aligns with the goals and vision of our organization. We look forward to your favorable response.

Thanking You  
Yours Sincerely  
Rtr Shashank Goyal  
Club Directors

EVENT PROPOSAL

Rotaract Club of TIET is planning to organize ‘*Solace: Clothes Donation Drive*’ in \_\_\_\_\_ in Patiala on 20 August 2023.

This event aims to bring together the all the students across the TIET campus to contribute towards a noble cause. The collected clothes will be donated to those in need, providing them solace and relief during challenging times. By participating in this donation drive, students will have the opportunity to make a positive impact on the lives of those less fortunate, instilling empathy and compassion within them.

In the era of fast fashion, this event promotes sustainable practices by encouraging the recycling and repurposing of clothing items. By donating gently used clothes, we contribute to reducing waste and the environmental impact of the fashion industry. This drive will raise awareness among participants about the importance of conscious consumption and responsible disposal of clothing.

No budget would be required.

Respected ma’am

Rotaract Club of TIET is planning to host a membership meeting for the members of the Rotaract Club of TIET on 11 October 2023, in K-Lawns.

Through this event, Rotaract aims to serve as a platform for the Rotaractors to interact, bond, and express themselves through drawing activities. The meeting will allow all to share ideas, discuss upcoming projects, and engage in creative expression through drawing. We believe that such activities foster team spirit, creativity, and personal development, all of which are essential elements of the Rotaract experience.

We kindly request your permission to use the venue for our Rotaract Membership Meeting for the eveing. We assure you that there will be no misuse of the venue or any equipment used and we will take all necessary measures to respect and maintain the integrity of the venue.

Thanking You  
Yours Sincerely  
Rtr Shashank Goyal

## EVENT PROPOSAL

Rotaract Club of TIET is planning to host a membership meeting for the members of the Rotaract Club of TIET on 11 October 2023, in K-Lawns. The event will take place in evening.

Through this event, we aim to bring together all the Rotaractors and provide them with an opportunity to interact, bond, and express themselves through creative activities such as drawing. The purpose of this event is to provide an engaging and inclusive space for our members to connect and strengthen their relationships. It will allow all to share ideas, discuss upcoming projects, and engage in creative expression through drawing. We believe that such activities foster team spirit, creativity, and personal development, all of which are essential elements of the Rotaract experience.

We recognise the value of art, in this specific case, where it acts as a soulful form of self-expression. An opportunity like this would allow all the Rotaractors to form trustworthy, friendly, and reliable relationships with each other leading to efficient conduct of all Rotaract projects and events.

No budget would be required.
